Consent for Guidance Professional intervention for students under 14 years old

Macdonald High School students have access to academic and personal counselling through the Guidance department. Ms. Lana Karabachian, our Guidance Professional, can be reached at lkarabachian02@lbpsb.qc.ca. If you have questions or concerns about this service, please do not hesitate to contact the Guidance department.

No student is obligated to undertake or continue the counselling process; students access this service voluntarily, and can terminate the counseling process at any time.

Information shared by your child with the Guidance Professional will be treated with discretion and respect, and cannot be shared with others without your permission. As well, although as parent/guardian you are permitted access to the information shared by your child under 14 years old, we encourage you to allow them the benefit of privacy in order to provide him/her with a space in which they can express themselves openly and without fear. Be assured that should a situation of risk or danger occur, the Guidance department will contact you.

In order for students under the age of 14 to access this service, the law requires that we obtain the written consent of the student's parent or legal guardian. It is expected that the parent who signs this form will inform the other parent (if applicable).

Signing below indicates that you have reviewed this consent form and authorize your child to receive the services offered by the Guidance department.
